Pack programme for 11 September 2026

Croods - Crossing the Big Waters

Time	Activity	Equipment	Scouter
17:00 (15 min)	Grand Howl Duty six: Inspection -	Skin, flag, Totem pole	
• **Story Setup:** Akela gathers the pack inside the "cave." Explain that the Croods family needs to travel across a brand-new landscape filled with deep rivers, dams, and oceans.			
17:15 (10 min)	Steam Release Game: version of captains coming The Cave Rule: Just like Grug says "Never leave the cave!", water has strict rules. Introduce the SCOUTS SA Water Safety Rules framed as Prehistoric Cave Rules: Never swim alone — Always use the Buddy System. Look before you leap — Never dive into unknown or murky water (dams/rivers). Obey the Lifeguards — Respect tribal elders and pool/beach officials. Stay Calm & Float — Float on your back if tired or in trouble. Reach or Throw, Don't Go — Never jump in after someone struggling; use a line or branch.		
17:25 (15min)	Advancement: **Gold Wolf Station: Game Design (Gold Wolf Aptitude Task)** • **Objective:** Gold Cubs design a floor game to teach the Silvers about water safety. • **Setup:** Provide chalk, poster boards, dice, and scenario cards. • **Task:** Build a giant board game called *"The Croods Safe Shore"*: ◦ **Safe Spaces:** *"You checked for rocks before jumping in the river—move ahead 2 spaces!"* ◦ **Danger Spaces:** *"You swam in a dam without a buddy—go back 3 spaces!"* ◦ **Challenge Spaces:** *"Demonstrate a Starfish Float to cross the river!*		Aela
	Silver Wolf Station: "Eep's Rescue Throw" (Silver Skill Prep) • **Objective:** Learn to coil, aim, and throw a rescue rope with a float attached. • **Equipment:** Sealed plastic bottles/foam floats tied to 8–10m ropes. Lay blue tarps on the ground to mark the "Macawnivore River." Place targets 5m out.		Grey Brother

	• **Technique:** 1. **Anchor:** Stand on the loose tail-end of the rope with your lead foot. 2. **Coil:** Hank/coil the line cleanly in your off-hand. 3. **Throw:** Underhand swing, aiming *past* the target (not hitting them on the head). 4. **Pull:** Pull the line back steadily once caught.		
17:40 (20 min)	Game Silver Wolves play the game made up by the Gold Wolves **Pack Activity: Playing "The Croods Safe Shore"** • **Game Play:** The Gold Cubs lead and referee their custom floor game for the Silver Cubs. • **Mechanism:** Silver Cubs act as the game pieces moving across the hall floor. When a Silver lands on a *Challenge Space*, a Gold Wolf Cub tests them: ○ *"Name 2 dangers of swimming in local dams or rivers."* ○ *"Show me how you signal for help if you get into trouble."* (Raise one hand and shout). ○ *"Throw the rescue line to land inside the target ring!"*		Akela
18:00 (20 min)	Advancement: Gold Wolves go outside to practise throwing the rescue float Silver wolves: Review Questions: Go over the buddy System, Water safety rules and dangers to swimming in your area Practise knots is there is still time		Grey Brother Mor
