NATIONAL CHALLENGE PROGRAM PREPARDNESS – Making a plan

Theme:	**Making a plan**

Time	Min	Activity	Equipment	Scouter
16:30	15	**Opening** Flag Inspection –round turn 2 half hitches Register	Flag/flagpole ropes Register Gems	Akela Athenes Alpha Bravo
Having a PLAN in place can prevent panic from setting in when faced with an emergency.				
16:45	05	**ACTIVE GAME:** Plan Cubs run around the playing area until the leader calls "stop" followed by a command, such as "pack." The Cubs must immediately freeze and mime the correct action. The last Cub to perform the correct mime loses a life (for example, one sock rolled down). The commands are: Pack – Cubs are to mime packing a bag for a day at the beach or swimming pool. Look – Cubs are to mime looking for dangers. Ask – Cubs are to mime asking an adult for permission to go swimming. Never – Cubs are to mime saying never.	None	Athenes
It's very important that you remember the PLAN when you next plan an outing near water.				
16:50	05	**LEARN SAFE WAYS BY MAKING A PLAN:** Run through the PLAN with the Cubs to reinforce the importance of having this in place and refer to the 'be water safe' facilitator manual. **P – prepare/pack:** ask the Cubs what they think they would need for a day at the beach or swimming pool. **L – look:** ask the Cubs what they need to look out for at the beach or near water – look for dangers. **A – ask an adult:** ask the Cubs why it is important ask for permission to go swimming. What else do they need to tell a responsible adult? **N – never:** ask the Cubs to tell you what the safety rules are.	P L A N-Posters	Akela –SWAP with steam release, so they know what it is about, keep it brief.

BASE ROTATIONS 4X10MINS WITH A 2MIN ROTATION TIME (48MINS) 16:55-17:45)				
16:55-17:45	10	**BASE 1:** Show that you know the basic rules of the road as a pedestrian. – Discuss while playing memory game.	See attachment	Charlie
We should share what we have learnt with our friends and family.				
	10	**BASE 2: ACTIVITY:** Be water safe tags Cubs are to create a 'Be Water Safe' tag which they can share with their friends – see examples below. Using the water safety rules, let the Cubs come up with their own hashtag label or use the examples below. Ask the Cubs to decorate their labels. Punch a hole in their label and thread a piece of wool/string through. Cubs can either give their label to a friend or attach the label to their own school bag/pencil case to raise awareness about water safety. Time allowing, have the Cubs make more than one label.	Cardboard tags; crayons; keyholders (optional); wool or string.	Alpha
	10	**BASE 3: Kim's memory GAME:** A day at the beach or swimming pool / 1st Aid items Cubs look at the 12 items for a minute and try to draw or write them Down. Ask harder questions too, like how many sea shells, what was the colour of the buoy. What type of knot was in the rope.	12 Items, paper and pencil to answer.	Bravo
	10	**BASE 4: Learn National Anthem** First talk it through twice (repeat after me) Then sig with link**.**	Poster with words and meaning. Speaker	Akela
Don't forget to have a PLAN if you go on an outing near water.				
17:45-18:00	05	**Closing** **Badges** Flag Prayer Dismiss	Flag/flagpole	Akela

learn safe ways by making a plan

Having a **PLAN** in place can prevent panic from setting in when faced with an emergency.

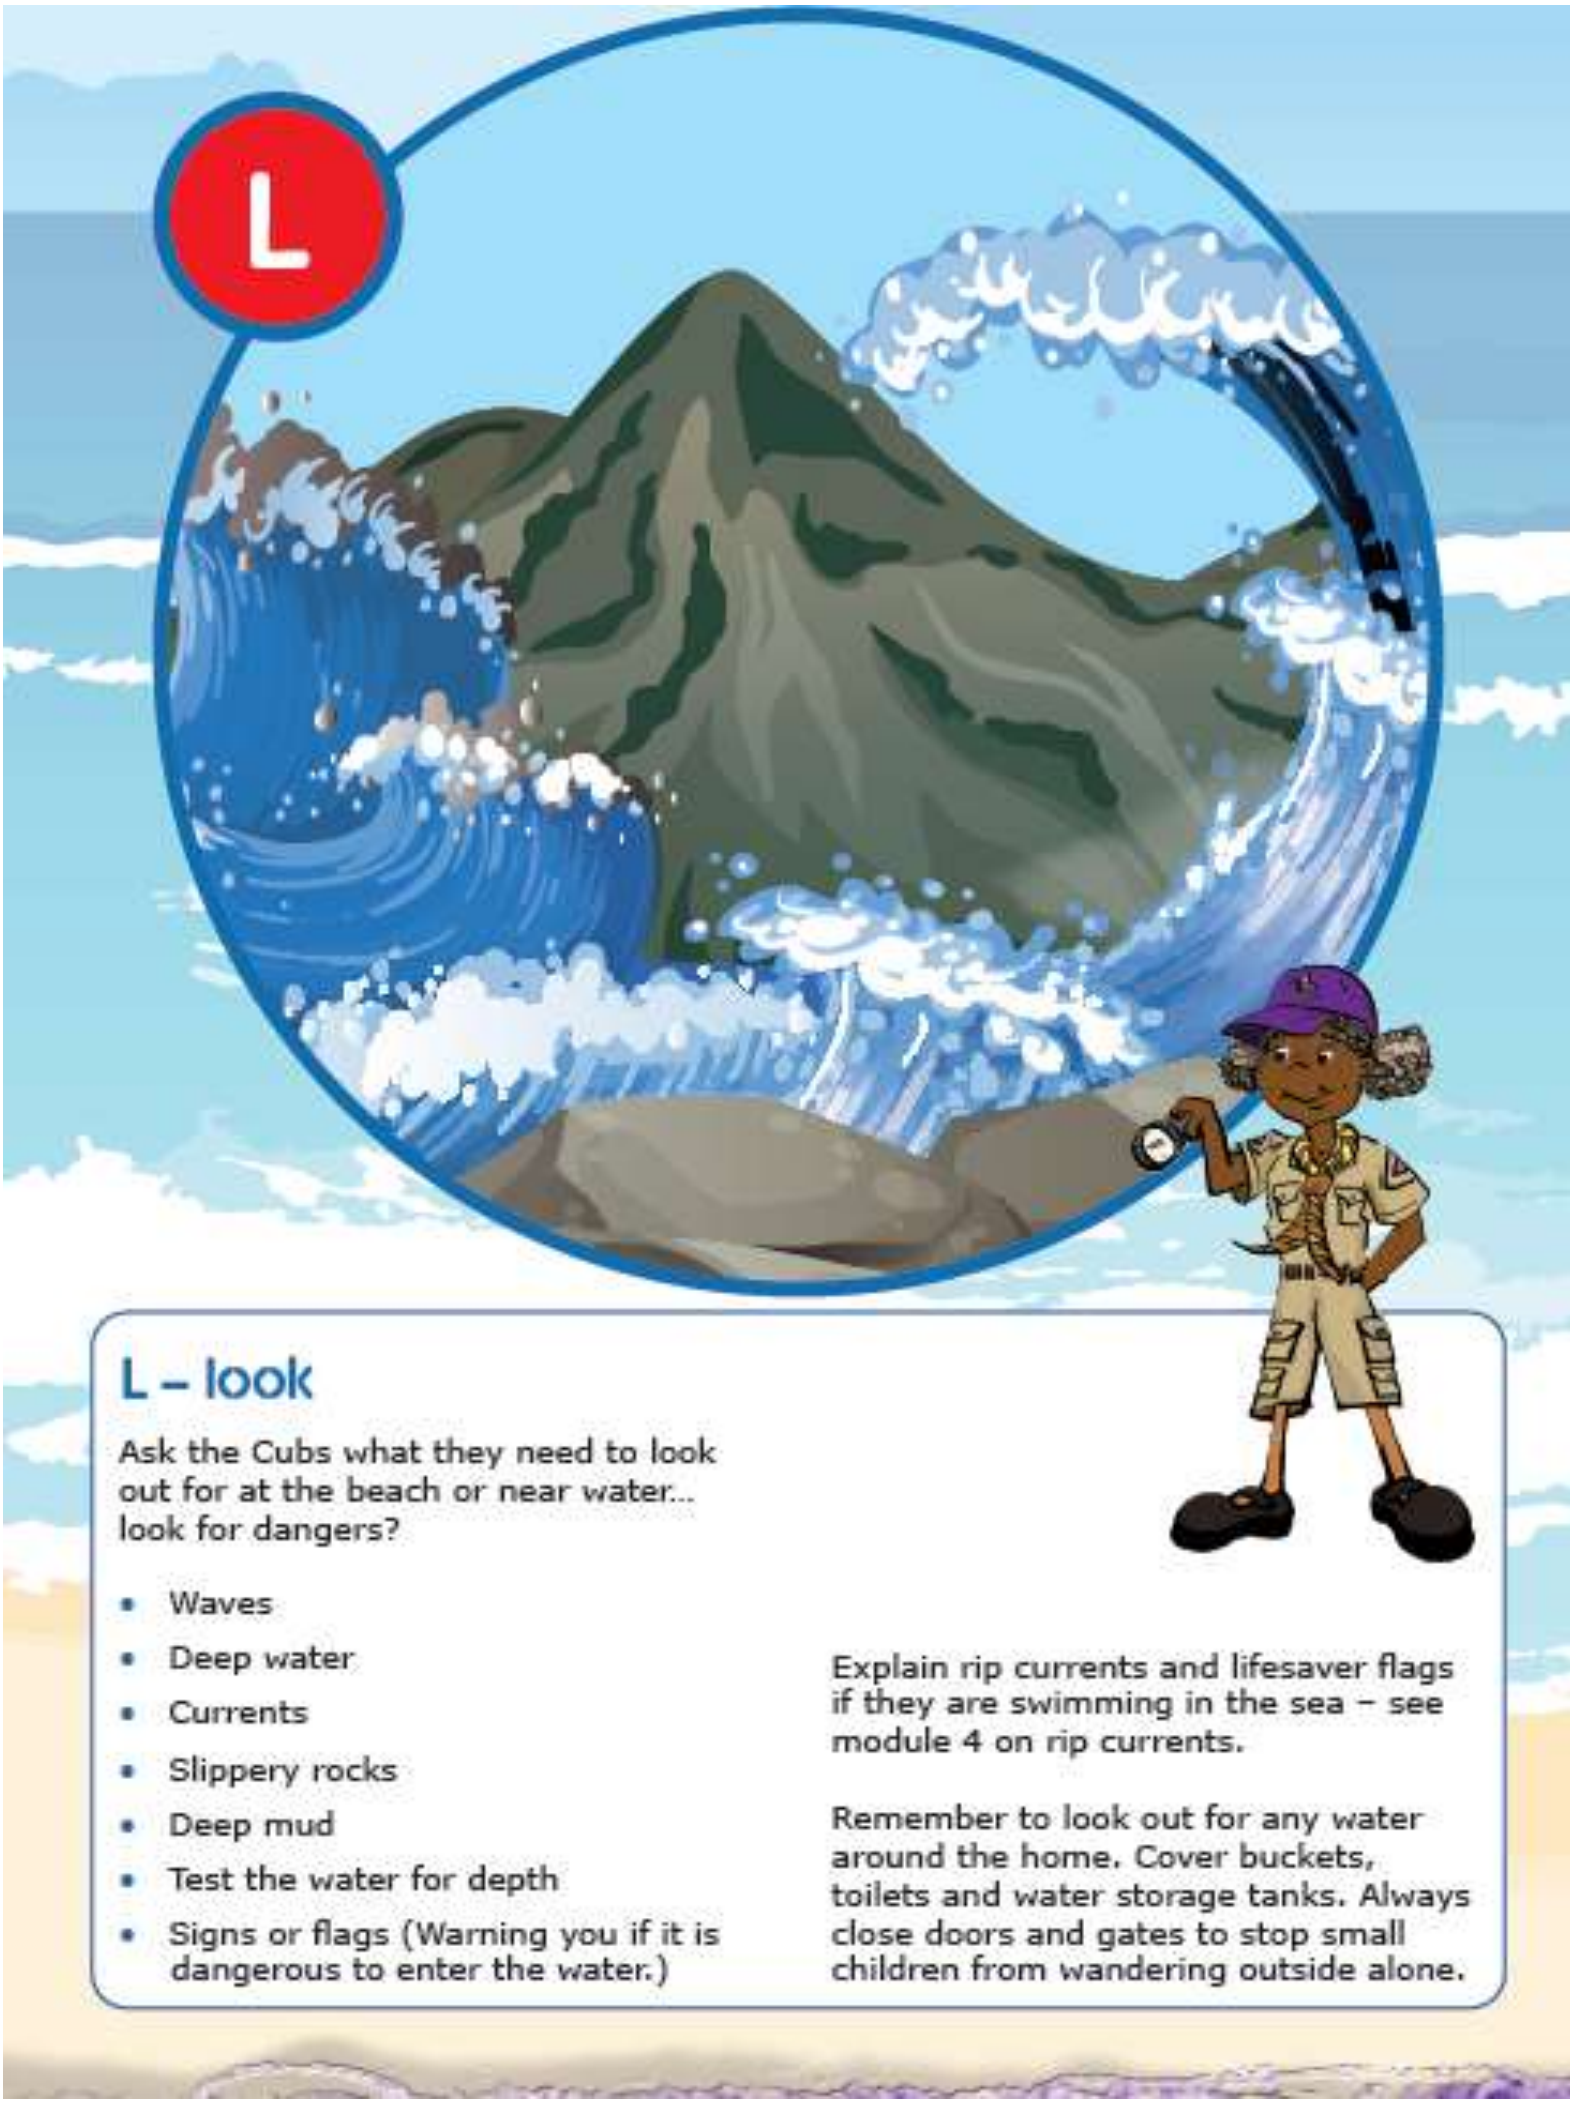

P – prepare/pack

Ask the Cubs what they think they would need for a day at the beach or swimming pool?

- Swimming costumes
- Towels
- Food
- Water to drink

L – look

Ask the Cubs what they need to look out for at the beach or near water... look for dangers?

- Waves
- Deep water
- Currents
- Slippery rocks
- Deep mud
- Test the water for depth
- Signs or flags (Warning you if it is dangerous to enter the water.)

Explain rip currents and lifesaver flags if they are swimming in the sea – see module 4 on rip currents.

Remember to look out for any water around the home. Cover buckets, toilets and water storage tanks. Always close doors and gates to stop small children from wandering outside alone.

A – ask an adult

- Emphasise this is not negotiable. They MUST ask an adult if they want to go and swim.
- They need to find a responsible adult to watch them when they swim.
- Make sure that they tell a responsible adult exactly where they are going, when they will return and the route that they will take there and back so they know where to find them in the case of an emergency.
- Explain that many people drown because they didn't tell anyone that they would be swimming, so no one could come to their rescue when they got into trouble.
- This rule applies to adults who go swimming too (even when they are good swimmers). We always make sure someone is watching us and that they know WHO to call for help.

N – never

- Never swim alone; use the 'buddy system'.
- Never swim in unknown waters (that is, in dams, rivers or pools you do not know).
- Never dive into water if it is not clear or if you do not know how deep it is. You could hit something and hurt yourself.
- Never swim with your clothes on – they get heavy.
- Never swim and drink alcohol. Also, never swim when supervised by adults that have been drinking/are drinking alcohol as their response time to help will be impaired.
- Never swim when you are too ... anything ... too tired; too hungry; too cold; too upset.
- Never run around the pool, river or dam, always walk.
- Never push people into a pool, river or dam, dive without first looking or duck your friends.
- Never eat or chew while swimming.
- Never use your hand to rescue a friend.
- Never jump in to save your friend – call for help!
- Never leave a child alone when they are near water (MOST important 'never' for Adult Leaders/supervising volunteers or parents).
- Never be distracted by your cell phone while working with children in or near water.

It is important to allow the Cubs to repeat the PLAN with the key words. Ask them to remember the PLAN when they next plan an outing near water. Remind them that accidents happen when they don't have a PLAN in place and when there's no PLAN, there's lots of PANIC when things go wrong. They must know how to turn PANIC into a PLAN.

Singing:	Nkosi Sikelel' iAfrika

Nkosi sikelel' iAfrika (Link for speaker)

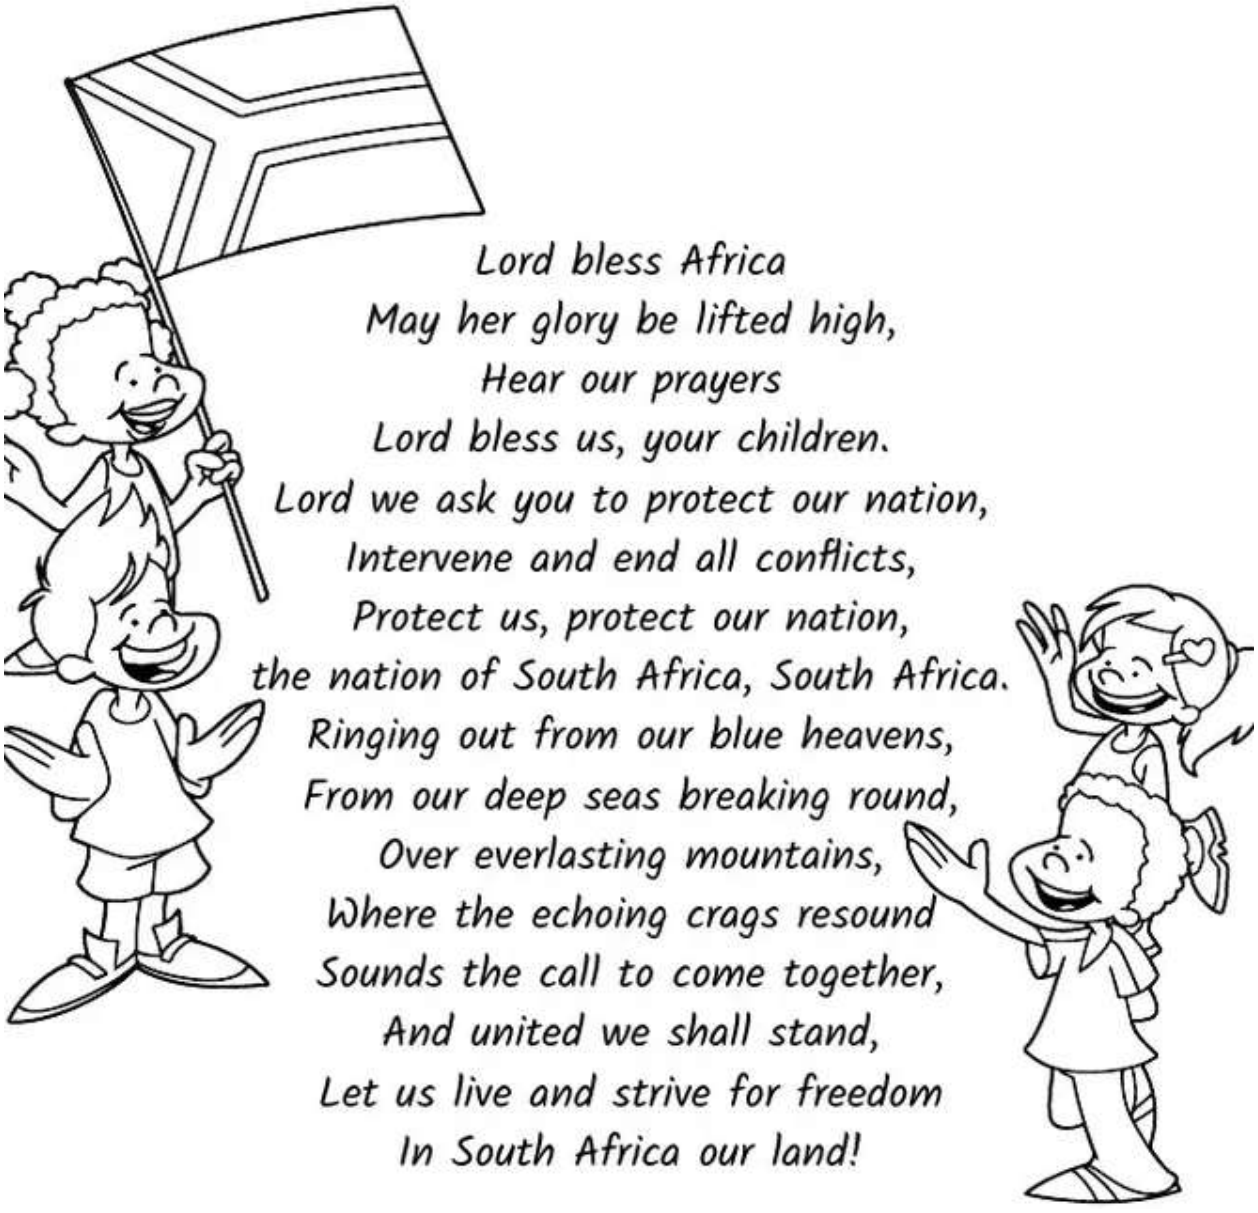

Maluphakanyisw' uphondo lwayo,
Yizwa imithandazo yethu,
Nkosi sikelela, thina lusapho lwayo.

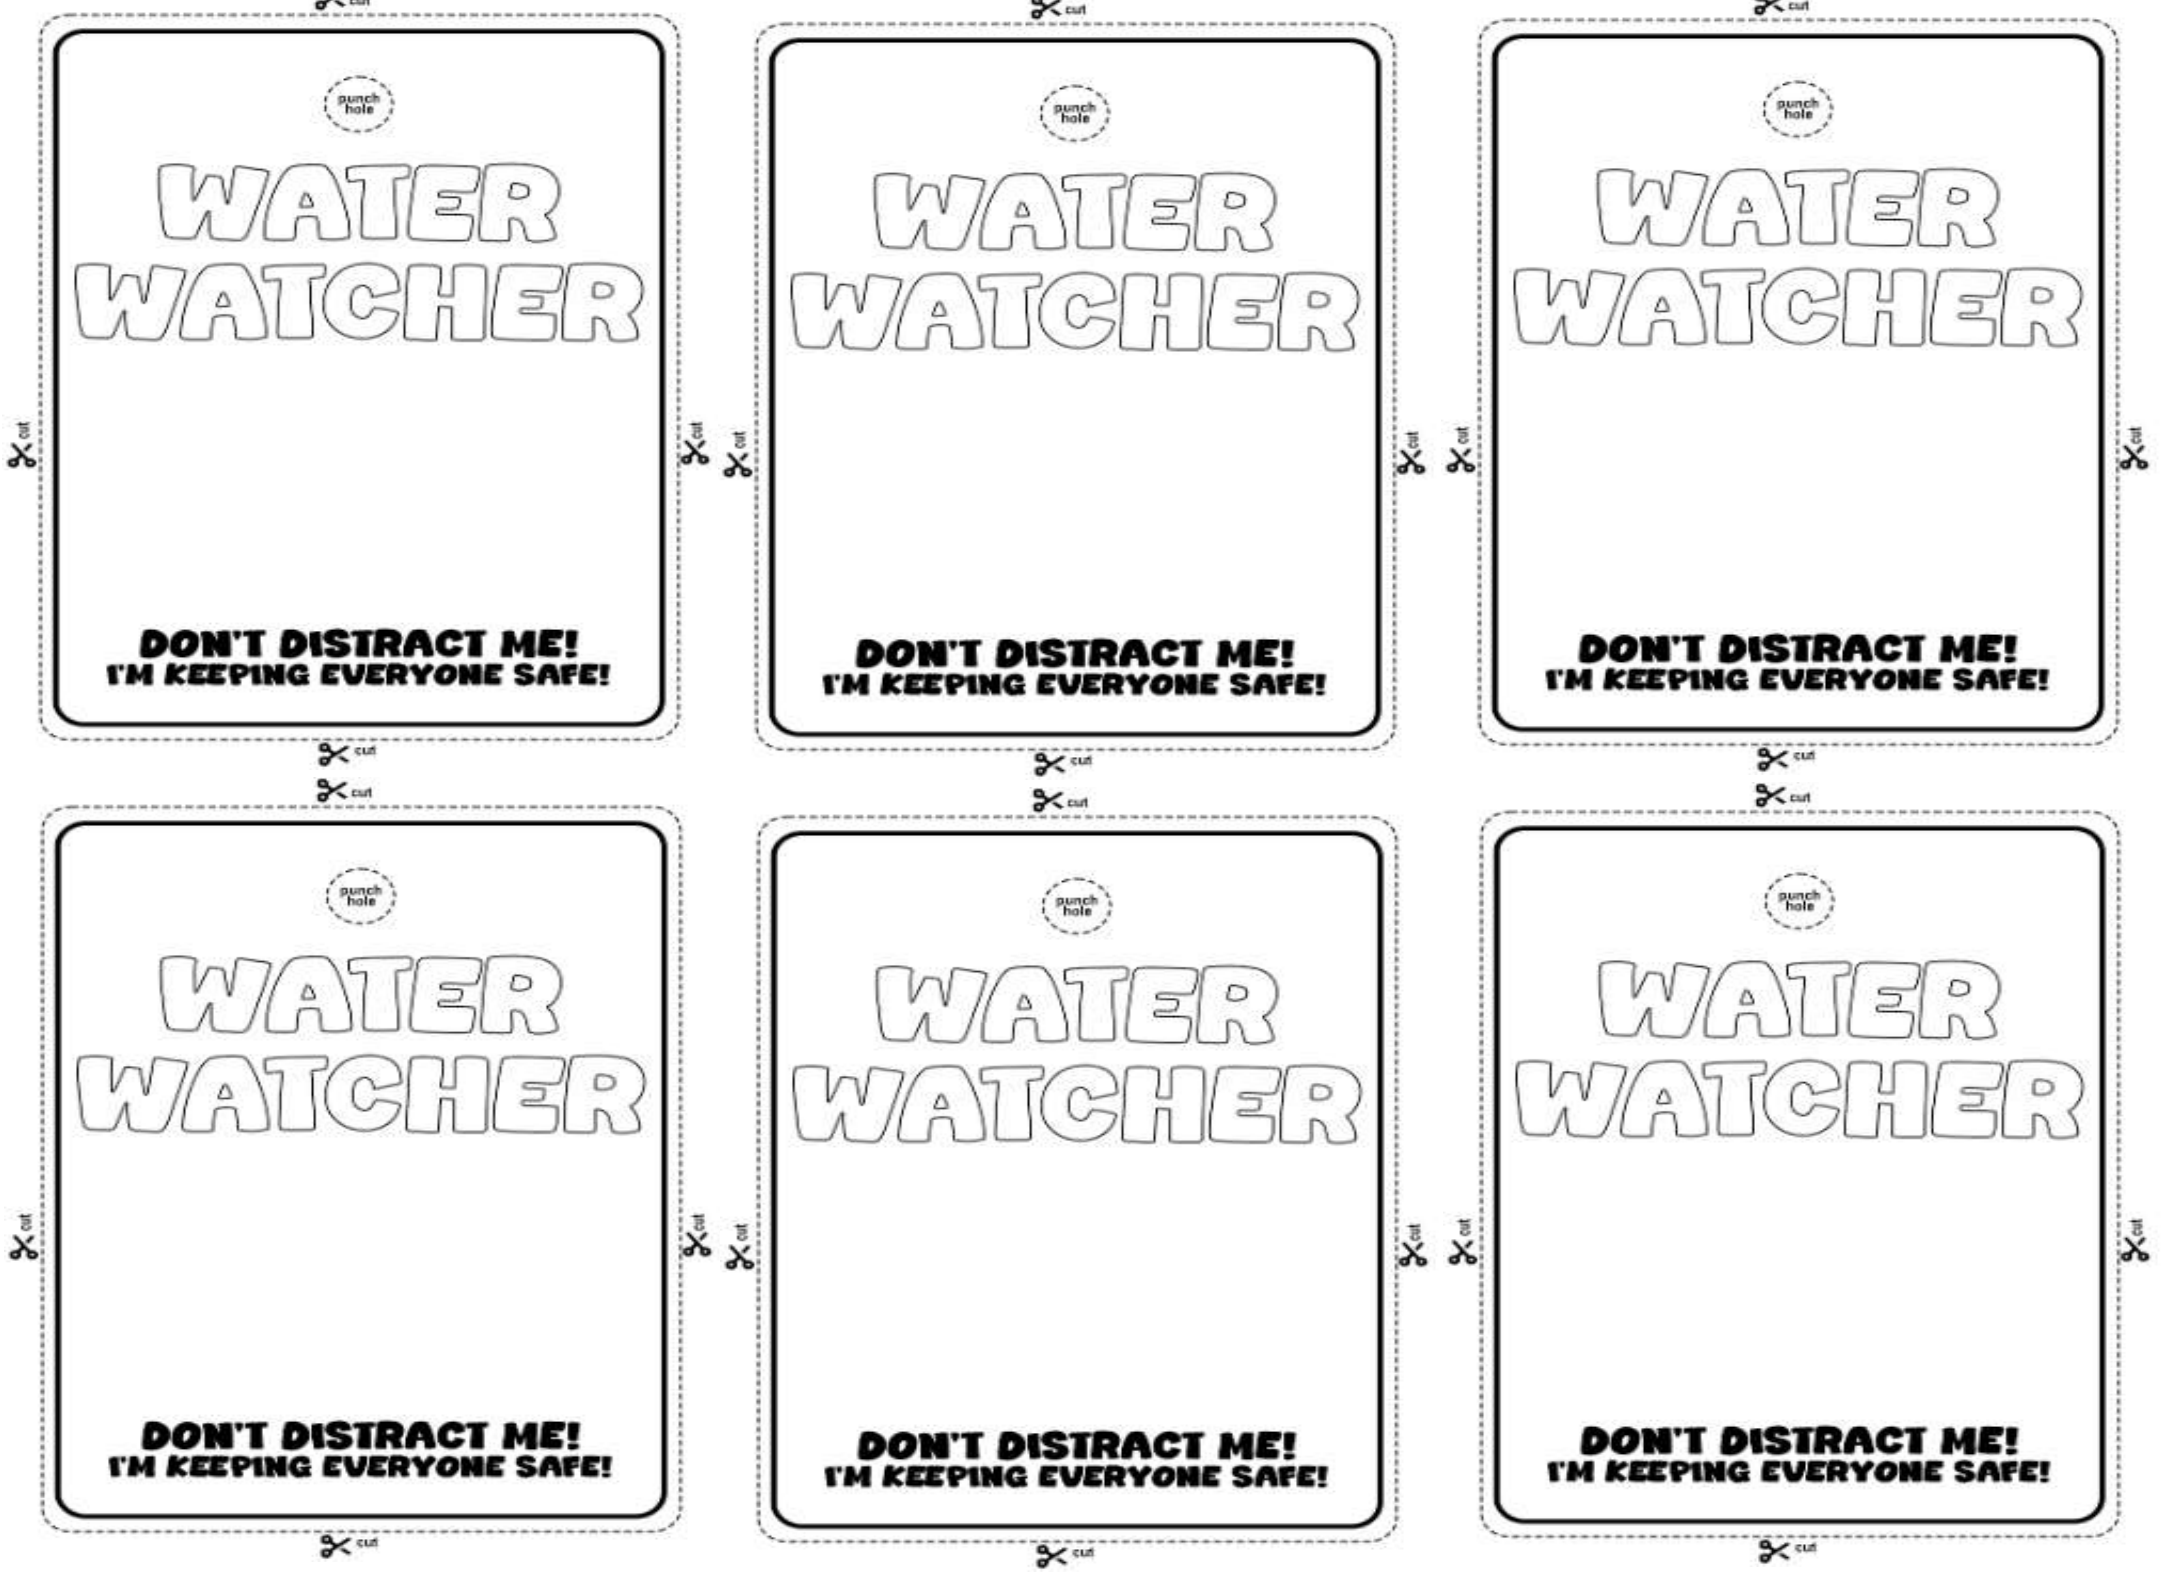

Morena boloka setjhaba sa heso,
O fedise dintwa le matshwenyeho,
O se boloke, O se boloke setjhaba sa heso,
Setjhaba sa South Afrika – South Afrika.

Uit die blou van onse hemel,
Uit die diepte van ons see,
Oor ons ewige gebergtes,
Waar die kranse antwoord gee,

Sounds the call to come together,
And united we shall stand,
Let us live and strive for freedom,
In South Africa our land.

Let's take the English translation of the anthem and learn that for our poem this week.

punch hole
WATER WATCHER
DON'T DISTRACT ME!
I'M KEEPING EVERYONE SAFE!
cut

DON'T PLAY IN THE STREET!

Use a park or open area, away from traffic!

WALK ON THE PAVEMENT!

Always walk on the pavement or footpath!

NO PAVEMENT? WALK FACING TRAFFIC!

Walk on the right side, facing traffic! Watch out!

CROSSING THE ROAD: STOP & LOOK!

Stop, look right, left, and right again before crossing!

USE SAFE CROSSINGS!

Use special crossings like Zebra Crossings! They are safest!

DON'T STARE AT ACCIDENTS!

Never stop to stare at accidents! Keep walking safely.
