Station Details (15 Minutes Each)

Station	Requirement / Focus	Playway Fun Activity Description	Equipment
Station 1	**Racing Dive & 50m Racing Stroke**	**"Torpedo Launch & Dash":** Practice streamlined racing dives off the side or blocks. Cubs launch like torpedoes and race to complete 50m using freestyle/front crawl or backstroke. Focus on good body position and finish speed.	Kickboards, lane ropes, stopwatch
Station 2	**50m Secondary Stroke**	**"The Style Switch":** Swim 50m using a non-racing stroke (e.g., breaststroke or sidestroke).	Lane ropes
Station 3	**Treading Water (1 min fresh / 2 min salt)**	**"Keep the Smarties Dry!":** Each Cub holds a small plastic cup containing Smarties (or small dry treats) above the water line while treading water for 1 minute (freshwater pool requirement). If their cup stays dry for the full minute, they get to eat the Smarties at the end!	Small plastic cups, Smarties or waterproof treats, timer
Station 4	**Back Float (30 sec fresh / 60 sec salt)**	**"Cargo Ship Balance":** Cubs lie on their back floating relaxed for 30 seconds (freshwater pool requirement) with a light floating object (like a rubber duck or small foam toy) balanced on their belly. They must remain calm and steady to keep their "cargo" from sliding off.	Rubber ducks / small lightweight toys, timer
Station 5	**Duck Dive (1.2m Depth Retrieval)**	**"Potato Treasure Hunt":** Raw potatoes are sunk at a depth of 1.2m (they sink naturally and are tricky to grip!). Cubs perform a duck dive from standing or swimming to plunge down and retrieve the "golden potatoes" from the pool floor.	Raw potatoes
