Theme	The Deep Blue Sushi Roll			
Date	Friday, 29 April 2026		Duty Six	Yellow
Time	**Min**	**Activity**	**Equipment**	**Scouter**
17:45	10min	*Tonight we descend into the Deep Blue. We are taking the submarine - so let's pack the diving gear and get ourselves ready.* **Grand Howl** ● **Inspection (are you prepared?) :** one marble for each ○ Paws and Claws [2] ○ Return a square, good turn diary or month of chores [1] ○ Show that you understand why you should keep your body, hands, nails and teeth clean. - (germs, stops you getting sick, keeps others healthy, prevents tooth decay, keeps our mouths healthy etc) [1] **Each cub needs to bring a dish towel, chopping board, plate and knife**	Council Rock Flag Totem	Akela Inspection: Red Six = Akela Yellow Six = Leelah Green Six = Kaa Black Six = Chikai
Crew - We are taking the submarine to reach the ocean floor. The ship's galley is empty and we need some sea cucumbers, sea salt carrots and other special ingredients to feed everyone on board. The only way to get them is to dive deep through a cave. Get your diving gear and lets dive in"				
17:55	10 min	Steam Release: Dive for Ingredients ● Work in sixes. All the cubs in the six (except for one) gets on the ground in a row and forms crab position. (This requires you to sit on the ground, place your hands and feet flat on the floor, and lift your hips and bottom into the air.) ● The one standing cub has to leopard crawl under the other cubs to collect an ingredient and leopard crawl back, they put the ingredients into a box and run to the end of the line where they form Crab position. ● Next cub goes. ● Game continues until all cubs and ingredients are collects ● Marbles awarded 4,3,2,1	Ingredients: ● 8x carrots ● 8x cucumbers ● 8 x Nori ● 8 x rice packets	Kaa and Kevin
"Crew - stand down. Every deep sea diver knows that after a dive, you rehydrate before your next task. No exceptions on this submarine. Grab your water bottles - you've earned it."				

18:05	5 min	**Water Break**	Water bottles	All
Incredible diving crew. Every ingredient has been brought up from the ocean floor. Now - before any good sailor touches food on this submarine, there is one non-negotiable rule of the deep. Follow me to the galley."				
18:10	5 min	• Lead all Cubs to the handwashing station. Silver Wolves and Gold Wolves wash together — no splitting yet. • As Cubs wash: "Why do we wash our hands before touching food? What happens if we don't?" Take 2–3 quick answers. Keep it moving.	Dish towels Washing basin Water	Chikai
"The galley is open. Pair up crew members - it's time to roll your own deep sea sushi using the ingredients we just recovered from the ocean floor. Silver Wolf crew - you're in charge of food safety on this sub. Gold Wolf crew - you're our science officers, and while we cook I need your expertise on something serious happening in the ocean."				
18.15	35 min	**Deep sea sushi rolls** • Split the groups into SW and GW tables • Work in pairs they must each prep the vegetable and make their sushi rolls Each pair gets: • A bowl of cooked sushi rice • Small piece of carrot • Small piece of cucumber • Nori Sheet cut in half • Knife x 2 • Chopping boards • Clingwrap *When they are finished making their rolls, they can eat their sushi and then must clean up their food prep station - washing and drying the dishes, and wiping the table, and throwing scraps into the compost bucket* *Quick decision about the compost bucket - and its purpose* *Silver Wolves:* While busy prepping the food discuss the following with them 1. Know and understand the importance of good eating habits. 2. Show that you understand why you should keep your body, hands, nails and teeth clean.	• 5 x tables • Cucumbers pieces x 30 • Carrot pieces x 30 • Nori (1 whole sheet cut in half - per pair) • Knives • Chopping boards • Healthy food wordsearch	All GW's - Kaa Akela Kevin SW's - Chikai Leelah

		Gold Wolves: 1. Discuss infectious diseases - water borne diseases, gastro, the common cold - discuss how they spread and how we can stop the spreading of them If some cubs finish before the rest - they can do a healthy food wordsearch https://www.printablee.com/postpic/2025/03/healthy-foods-word-searchn_18021.jpg		
Our deep sea research lab has detected three germs on the loose in the station. We need detectives fast. Coldy the Sneezeball is on the prowl - leaving a trail of tissues and blocked noses. Chicky the Spotty Chicken has escaped containment - spreading itchy spots wherever she goes. And Tummy Bug Timmy is the sneakiest of the three - hiding on hands, in food, in water. Each of you is being assigned to a detective unit. Your mission: find your germ's evidence cards hidden around the station, bring them back to base, and work out — how does your germ spread, and how do we stop it?				
18:50	10min	**Germ Detectives** Divide the Cubs into three Groups Group 1 Coldy the Sneezeball (Blue) • **Disease**: Cold/Flu • **Spread**: Coughing, sneezing, handshakes, sharing food • **Stop**: Washing hands, tissues, covering coughs and sneezes. Group 2 Chicky the Spotty Chicken (Yellow) • **Disease:** Chickenpox • **Spread:** Touching spots, close contact, sharing food. • **Stop:** Staying home, vaccine, do not scratch Group 3 Tummy Bug Timmy (Green) • **Disease:** Stomach Bug (like gastro / "tummy flu") • **Spread:** Dirty hands, food not washed, sharing food. • **Stop:** Washing hands before eating, cleaning food, safe water. How to play: Hide cards around the hall with pictures depicting how the infectious disease gets spread - cubs must search for their cards (they will be in the colour of their Germ character - "Three sneaky germs are on the loose! Coldy the Sneezeball is spreading sneezes, Chicky the Spotty Chicken is spreading itchy chickenpox and Tummy Bug Timmy is making everyone run to the toilet!. We need Germ Detectives to find out how they spread — and how to stop them!"	Infectious disease cards	Chikai Kaa Leelah

		Once they have got the cards - Cubs return to their tables and decide if the picture is a disease spreader or stopper Each group shares with the pack what they have found (GW's to give the feedback) *Some germs spread through sneezes and coughs (Cold/Flu).* *Some spread through skin contact (Chickenpox).*		
18:50	10min	Membership		Akela
Three germs. Three different ways they spread. But did you notice something? Almost every single stopper card had the same things on it — wash your hands. Cover your cough. Stay home when you're sick. Keep food clean. Drink safe water. The ocean is full of unseen dangers — creatures, currents, pressure, darkness. But the most dangerous things on our submarine aren't out there in the deep. They're microscopic. Invisible. And the best defence we have is the simplest one — clean hands, clean habits, and looking out for our crew."				
19h00	10 min	**Closing** Badges Grand Howl / Flag down Prayer		Akela
Good Hunting, Cubs				
19.15		Dismiss		Akela

Advancements	
Recruits	• Law, Promise and Motto
Silver wolves	• Explain the importance of washing your hands before handling food, before eating, and after using the washroom. • Know and understand the importance of good eating habits. • Show that you understand why you should keep your body, hands, nails and teeth clean.
Gold wolves	• Find out about two infectious diseases and discuss how to prevent them from spreading with your Pack Scouter/Pack • Make and use compost from unwanted vegetation

Badges/Certificates to Award at Grand Howl	
Michael	Yellow paw and Green Paw Silver Wolf

Jasymn	Yellow paw and Red Paw Second Stripe
Micah	Mask Badge
Ane	Red Paw
Jackson, Clara & Len	Sixer Stripes
