A huge storm is coming in from the ocean. The coastal birds have realised something terrible... they have no nests ready!" *"The penguins, gulls, oystercatchers and flamingos must race against the tide to gather materials and build nests before the waves arrive!*				
17:55	10 min	Steam Release: The Great Nest Rescue ● How do birds travel? They travel in flocks, so you will all need to work together and stick together. ● Divide into sixes. When the bird is called, they all move together in a flock to collect one item of material for the nest ○ Penguins - waddle ○ Flamingos - hop on one leg ○ Oystercatchers - run sideways ○ Seagulls - flap their arms while running and can only pick up nest stuff with two fingers ● Keep going until all the materials are collected, but only one piece at a time ● Cubs must then build a nest using the materials they have gathered ● First six to complete the task properly with all the materials wins.	● Hula hoops x 4 ● Stuff to build a nest ● Sticks ● Stones ● Grass / hay ● Corks	Kaa and Rocky
The storm is near but because of you, birds of the Deep Blue have a place to sleep tonight. Let's get some water.				
18:05	5 min	**Water Break**	Water bottles	All
While we were taking a water break the storm arrived, with howling winds and crashing waves - the birds are struggling to communicate and need our help - we need to listen to their calls and then share them with the other birds of the deep.				

18:10	10 min	• Quick discussion about the African Penguin and Oystercatcher • Play the cubs the calls of the - African Penguin, Greater Flamingo, African Oystercatcher and the Kelp Gull • After playing each call the cubs must try and imitate the sound	Pictures of the birds Sound clips	Chikai
"The birds are still struggling with this raging storm and can't make out who is who even with the help of our calls - looks like we are going to have to make some posters so that they can recognise one another.				
18.20	25 min	• Draw a picture of an African Penguin, Greater Flamingo, African Oystercatcher or the Kelp Gull • While they are drawing - play the sound klip of the various birds - if they hear it they have to do the action associated with the bird -so for example hop on one leg if they hear a flamingo	• How to draw pictures • Pencils • Pencil Crayons • Paper • Boards to press on	All
18:20	10min	Membership		Akela
Now that all our birds are safe and able to hear and identify each other we can return to our boat and prepare for investiture
