Cubs, this term we're going somewhere very strange... *A place where rabbits carry watches, cats disappear, and you should never trust a bottle that says DRINK ME!* *We're following Alice down the rabbit hole into Wonderland, where every week there'll be a new adventure, a new challenge and probably something that makes absolutely no sense at all.* *But first... we have to catch the White Rabbit!* *Cubs - down the rabbit hole! Pack Alert, Pack Break!*				
17:55	10 min	Steam Release: Down the Rabbit Hole Relay **Setup:** • Line Cubs up in height order and divide them into 4 groups • Cubs to stay in height order and line up in a star formation around a cone on top of a ball	Cone Ball	Kaa + Chil Akela and Chikai to set up clues

		Game instructions: Call: **Follow the Rabbit** • Cubs to stand with their legs wide apart • First cub from each team crawls through the legs of their team • At the end the cub gets up and weaves back to the front of the line with the goal of reaching the ball first - first cub to reach the ball earns a marble • Cub moves to the back of the line and next cub goes • Play 2 to 3 rounds https://www.instagram.com/reel/DZ-VhK9uW1t/?utm_source=ig_web_button_share_sheet		
Oh my ears and whiskers! Look at the time! We're late for the Mad Hatter's Tea Party!" Let's grab a drink and make our way to his party				
18:05	5 min	**Water Break**	Water bottles	All
White Rabbit : *"Oh dear! Oh dear! We're terribly late!"* *Something dreadful has happened at the Mad Hatter's tea party.* *The Hatter is sick.* *The March Hare is sick.* *The Dormouse is sick.* *The Queen thinks somebody POISONED THE TEA!* *Naturally, she's threatening to chop everyone's heads off.* *Alice didn't get sick - why didn't she get sick, why?* *We need you to become Wonderland Detectives.* *Find out what happened before the Queen chops off the wrong head!*				
18:10	20 min 5 min per base	Wonderland Detectives we need to visit the various clues and ask ourselves the following questions Divide into sixes Give each six a case file with 3 questions: • WHAT made everyone sick? • WHERE did it come from? • HOW could they have stopped it from happening? Each six to go to a base (Clue) - 5 min per base	• Case File x 4 • Pencils

		FROM THE WONDERLAND STREAM. 2. What did the water look like? **BEAUTIFULLY CLEAR! I COULD SEE RIGHT THROUGH IT!** 3. Did the water smell strange? **NOT AT ALL!** 4. Who made the tea? **DORMOUSE OF COURSE - ITS HIS JOB** 5. Did Dormouse boil the water? **WHAT A SILLY QUESTION - HOW ELSE DO YOU DRINK TEA?** 6. Did Alice drink your tea? **EVERYONE DRINKS MY TEA IT'S THE BEST IN WONDERLAND.** 7. If they ask what Alice did with her water: **"How should I know? Ask Alice!"** 8. If they ask something else you don't know: **"No idea! Have some tea?"**		
Clue 3 - The Caterpillar's Water Test - Forensics				
18:10	20 min 5 min per base	**Set-up** *4 clear jars:* A - Tap water - clear B - Muddy water - soil mixed in C - Water with leaves/grit - visibly dirty D - "Stream water" - completely clear, but labelled as collected from the Wonderland Stream *2 Jars of Jam* 1. Jam marked Warning Extremely Tart 2. Jam label says made in a kitchen with dirty hands and unwashed fruit *Also give them a large red heart printed on white card.* Their challenge Tell them: The Caterpillar wants to know which water is cleanest. But in Wonderland, appearances can be deceiving... They investigate each jar without tasting it and answer the following questions For each sample they: 1. Look at the colour 2. Look for floating particles 3. Smell it from a safe distance rather than putting their nose over the container	4 jars with water in it Red Heart Jam jars Caterpillars secret clue Table (inside)	Chikai

		4. Put the jar over the small red heart - how clearly can they see through it to see the heart? 5. Rank the samples from cleanest-looking to dirtiest-looking. Then ask: Which one would you drink? Cubs must put them on a scale from I would drink this water - I won't drink this at all Give them the Caterpillars secret clue • **Whooo said you can see everything that's in water?" Some microorganisms are far too small to see. Clear water can still contain germs that can make you sick.** • **Make sure to read the label of the jam - youuuu wouldn't want to miss a clue**		
Clue 4- Wonderland Medical Files				
18:10	20 min 5 min per base	Welcome to the Wonderland Gazette Office - the latest edition of the Gazette has come out and this is the latest news - read some of it out loud to them and then let them have a look - once they had a look give them the medical cards with information about 3 infectious diseases - tell them it is their job to figure out what is wrong with the Wonderland folk looking at their symptoms in the gazette and the infectious disease cards FILE A — CHOLERA Spreads: contaminated food/water Main clue: severe watery diarrhoea and dangerous dehydration FILE B — TYPHOID Spreads: contaminated food/water Possible symptoms: prolonged fever, headache, abdominal symptoms FILE C — COMMON COLD Spreads: mainly respiratory droplets/contact Symptoms: runny nose, sore throat, coughing They can mark on their checklist card which one they think it is	3 infectious diseases 1st Gazette x 4 copies Checklist cards	Akela
Final Reveal - Clue 5 and the Queens Court				

18:30	15 min	Wonderland Detectives Welcome to the Queens Court, we have one last piece of evidence that has arrived this evening - come and collect the latest copy of the Gazette and see what Alice has to say. Now that you have seen the crime scene, done the interviews, studied the forensics and figured out the disease you need to go to your old wolf with the answers to the following questions: • What made the guests sick and where did it come from? • What could have been done to prevent it? • What infectious disease did they have? • What do you have to do before working with food? • How does one make water safe for drinking? **The Queen's Final Decree** "So nobody poisoned my tea after all!" The guests became sick because germs from the sewage got into the stream water. Remember, Cubs: water can look clean and still contain germs. Always drink water from a safe source. If you don't have safe drinking water, boiling it can kill harmful germs. And before touching food? Wash your hands with soap and clean water! The Queen of Hearts has spoken: "CLEAN HANDS! SAFE WATER! AND NO MORE GERMS IN MY TEA	2nd Gazette
