Alice in Wonderland:
The Map of Wonderland

Date	Friday, 16 October 2026		Duty Six	Green
Time	**Min**	**Activity**	**Equipment**	**Scouter**
17:45	10min	**Grand Howl** **Alice has discovered that Wonderland has become completely confused. Roads lead to the wrong places, buildings have moved and even the Queen has lost her way. The white rabbit is late, the Mad Hatter has mixed up the maps, and the Cheshire Cat keeps giving everyone directions that may or may not be useful.** **Cubs, tonight you are Wonderland Mapmakers and you need to restore order!** **Let's get ready!** **Bonus Marbles ahead of inspection, awarded by Akela:** • **Armin** - for looking after all his uniform items and keeping it on all night last week (1) • **Eben, Annie, Maya, Sequoia, Alys, Zoe, Rebecca, Azara** - for participating in the Trailblazer Challenge (1 each) **Inspection** • Paws & Claws: let's see if our Cubs improved since last week (1) • How well do you know your Pack? Name the Cub next to you (1) • Which knot do we use to tie a shoelace? (Answer: Slip reef) (1) • A bonus marble to any Cub who can tie this knot (1)	Council Rock Flag Totem Marbles Buckets	Akela Inspection: Green Six = Akela Red Six = Baloo Yellow Six = Ikki Black Six = Hathi

The White Rabbit is late, and the Queen of Hearts is furious! We need to scramble across Wonderland to help him deliver his messages, but watch out for the Queen's Card Guards!				
17:55	10 min	**Steam Release planned & run by Hathi (PLAN A)** OR ↷		Hathi & Ikki
17:55	10 min	**Steam Release: White Rabbit's Rush! Don't Be Late! (PLAN B)** Set-up: • Place one hula hoop in each of the four corners of the "playing field" (Wonderland Woods). How to play: • The Cubs are all "White Rabbits". • Two Cubs are selected as "Card Guards". • The rabbits start hopping or running around the Wonderland Woodlands, while the card guards stay close to the Old Wolves • The OW shouts *"The Queen is coming to the Tea Party!"* - all the "rabbits sprint to the Mad Hatters Tea Party Corners (hula hoops) to avoid being tagged by the card guards. If the space in the hoop is too full, they need to run to the next hoop to be safe • The Card Guards can only tag a white rabbit when the leader shouts the warning • If tagged, the rabbits must do 5 star jumps to unfreeze themselves and to get back into the game • The hoops can be reduced gradually to make the game more interesting	4 x hula hoops Whistle	Hathi & Ikki
The Queen has gone home! Alice and the Cubs have dashed all over Wonderland - leaving even the speedy White Rabbit panting to catch up! Luckily, Alice has just discovered a magical pool, and guess what? It is filled with sparkling, ice-cold water! Rabbits, grab your water bottles!"				
18:05	5 min	**Water Break**	Water bottles	All
"Hello . . ." (The Cheshire Cat appeared in the tree). *"You're going the wrong way, Alice.* *Alice looked at him. "Where should I go?"* *The Cheshire Cat grinned.* *"That depends on where you want to go."*				

18:10	20 min	**Silver Wolves: The Mad Hatters Mixed-up Objects** *Task: Identify a simple object viewed from the side and the top.* ***"Oh no, Cubs! The Mad Hatter hosted a chaotic tea party, and Wonderland is completely topsy-turvy! All of his favorite belongings have been mixed up, flipped upside down, and spun around. Some are seen from the side, and some are seen from the top! The Hatter needs the clever Silver Wolves to use their eagle eyes and sharp memories to match the objects up and restore order before the Queen of Hearts arrives!"*** <u>The Setup</u> 1. Divide the Silver Wolves into two equal teams and have them stand in two parallel lines facing the playing area. 2. Shuffle all 20 cards (10 matching pairs). 3. Lay the cards out face down on the floor in a neat grid (e.g., 4 rows of 5 cards). <u>How to Play</u> 1. Team 1 goes first. One designated player from Team 1 runs up and flips over any card to reveal the object. 2. That same player flips over a second card, trying to find its matching perspective (e.g., matching the side-view teacup with the top-view teacup). 3. If it's a match: The player takes both cards back to their team's pile. Team 1 scores a point. 4. If it's NOT a match: The player flips both cards face down exactly where they found them. Turn passes to Team 2. 5. The game continues back and forth until all 10 pairs have been collected. 6. The team with the most matching pairs wins! The objects cards are: 1. Tea cup 2. Top hat 3. Key 4. Rose 5. Bottle 6. Cake 7. Mushroom 8. Pocket watch 9. Flamingo 10. Playing Card	Object cards x 20 (10 matching pairs)	Ikki & Akela

18:10	20 min	**Gold Wolves: The Queen's Secret Map Code** *Task: Recognise six to ten map symbols* ***"Attention, Gold Wolves! The Queen of Hearts has a severe problem. She has discovered that her top-secret street map of Wonderland is locked behind a classified Royal Map Code! She knows these strange geometric symbols stand for crucial locations like hospitals, police stations, and railway lines, but she cannot remember which symbol is which.*** ***The Queen has ordered the clever Gold Wolves to learn the Royal Map Code immediately. If you can master the code and match the symbols to their descriptions, you will gain access to the kingdom's map. If you fail... OFF WITH YOUR HEADS!"*** The Setup 1. Divide the Gold Wolves into two equal teams and have them stand in two parallel lines facing the playing area. 2. Shuffle all 20 cards (10 matching pairs). 3. Lay the cards out face down on the floor in a neat grid (e.g., 4 rows of 5 cards). How to Play 1. Team 1 starts. One Cub runs out and flips over any single card to show the group. 2. That same Cub flips over a second card, trying to find its matching partner (e.g., matching the map symbol with the description). 3. If it's a match: The player takes both cards back to their team's pile. Team 1 scores a point. 4. If it's NOT a match: The player flips both cards face down exactly where they found them. Turn passes to Team 2. 5. The game continues back and forth until all 10 pairs have been collected. 6. The team with the most matching pairs wins!	Object cards x 20 (10 matching pairs)	Hathi & Baloo
"Oh, dear!" cried Alice. "Wonderland is such a confusing place! We need a map to find our way — both inside our curious houses and along our winding roads!"				

18:30	20 min	**Silver Wolves: Alice's Wonderland House** *Task: Draw a simple map of a home/meeting place showing rooms and doorways* ***A message from Alice:*** ***"Oh dear! I've lost my way around Wonderland!*** ***All my friends are hiding in different rooms of the Wonderland House, and I can't remember where everyone is.*** ***Could you help me by drawing a map of the house? Then I can use your map to find the Mad Hatter, the White Rabbit and all my new Wonderland friends.*** ***There's just one thing you need to remember . . . I need a map that shows what the house looks like when you look down at it from the sky, like a bird flying overhead. Will you help me?"*** • Each of the Silver Wolves are given a sheet of paper, a backing board and a pencil. • They begin at the gate and follow Akela around as she points out different parts of the hall, grounds, den, fire pit, etc. i.e. The Wonderland house & garden, and helps them identify clues of whose room/area it is, where the doors, windows etc. are • Akela explains "aerial view" by having them imagine being a bird looking down, or sitting in a plane looking at buildings and spaces from above • Once the walkabout has completed, the Cubs find a place to sit and begin to draw their map of the Wonderland House. Their guidelines are: - Draw the outside of the house - what shape does the whole building make? - Draw the rooms inside - show the walls that divide the rooms - Add the windows, doors and passages - how do you get from one room to the other? - Name the rooms - write the names or the characters or draw their pictures inside each room - Double check your map - can Alice use it to find her friends? - Don't forget to write your name on the map • If time allows, Akela can test the SWs understanding by asking: - Which room is next to the Mad Hatters tea room? - Which room would Alice pass through to reach the White Rabbit? - Can you show Alice two different ways to get to the Cheshire Cat's room? Let's see how well you understood mapping:	Paper Backing boards Pencils Labels for each room/area	Akela & Baloo

		<u>Non-compulsory home-work to earn a marble:</u> Draw an aerial map of your house and bring it to Cubs next week		
18:30	20 mins	**Gold Wolves: The Queen's Wonderland Street Map** Task: Show how to use a street map The Gold Wolves have successfully mastered their understanding of map symbols and now need to put their understanding to the test. • The Gold Wolves are split into two groups • Each group is handed a large map • The groups receive destination cards • The Gold Wolves must: 1. Locate themselves on the map 2. Locate their destination by the symbol 3. Identify roads, rivers, etc to plan their route 4. Explain their route	Maps x 2 Destination cards White board markers	Hathi & Ikki
"Alice thought that now that everyone had a map, Wonderland would finally make sense. But just as she began to relax, the Mad Hatter came tumbling out of the Tea Party, shouting, 'Nonsense! Directions are much more fun when nobody knows which way is up!'"				
18:50	10 min	**Game: The Mad Hatter's Crazy Directions (similar to Simon says - but not)** Everyone stands in an open area (either inside the hall or outside). The "Mad Hatter" calls out directions (instructions) for the Cubs to follow but seems to cause much confusion. Let's see if the Cubs follows the instructions or the OW. This is just for a laugh - no winners/losers • **Touch your elbow! (Old Wolf touches his knee)** • **Jump up and down (Old Wolf sits down)** • **Step to the left (Old Wolf turns around)** • **Put your hands in the air (OW put his hands on his hips)** • **Do a star jump! (OW runs on the spot)** • **Run in a circle! (OW jumps up and down)** • **Clap your hands! (OW clicks/snaps his fingers)** • **Dance like nobody is watching (OW claps his hands)**		Akela & Hathi Ikki to please count the marbles

"At last, the Mad Hatter stopped spinning, the White Rabbit checked his watch, and Alice burst out laughing. 'What a wonderfully confusing adventure!' she said. 'But even in Wonderland, every adventure must come to an end. Come along, everyone — it's time to gather for our final farewell!"				
19:00	15 min	Closing Badges Grand Howl / Flag down Prayer	Marble totals Wolf award Badges	Akela
Good Hunting, Cubs				
19.15		Pack Dismissed		Akela

Advancements	
Silver Wolves	• Identify a simple object viewed from the side and top to illustrate the difference in shape. • Draw a simple map of your home or meeting place showing the different rooms and doorways. • Make and Use a Slip Reef Knot • Take part in a memory game with your Pack.
Gold Wolves	• Show how to use a street map • On a street map, explain and recognise six to ten map symbols

Badge Work	
	•

Badges/Certificates to Award at Grand Howl	
Cooking	Isla
SW Awareness (Green Paw)	Micah, Maya, Isla, Jacob (if he comes)
SW Outdoor (Blue Paw)	Maya
Silver Wolf	Maya
Nature Challenge	Jacob (if he comes)
