4th Claremont Fernwood Cubs Pack

Cubs Meeting Programme – Constantia Nek to Eagles Nest

Date: Wednesday, 12 August 2026; **Time:** 17:30 – 19:00 (1½ hours); **Venue:** Constantia Nek – Eagles Nest – Return
Programme Director: Mang; **Duty Six:** Blue Six (Duty Six)

Theme

"Protecting Nature – Learning Through the Outdoors"

Advancements Covered

Silver Wolves

- Describe the uses of trees.
- Find out about two endangered species and tell the Pack.
- (Introduce the "Take care of a tree for one month" project for completion at home.)

Gold Wolves

- Understand and practise the Outdoor Code.
- Explain what conservation means.
- Name three natural resources.
- Explain how these natural resources can be conserved.

Time	Activity	Leader	Equipment
Beforehand	Cubs to bring: Full uniform, water bottle, snack, warm jacket, torch, hiking shoes. Scouters: attendance register, indemnity forms, first aid kit, radio, whistle.	Blue Six	Register, First Aid Kit, Torch
17:30 – 17:35	**Opening Grand Howl**• Inspection• Welcome visitors• Birthdays• Explain evening theme: "We are guardians of nature."	Akela	
17:35 – 17:45	**Safety Briefing**• Buddy system• Hiking etiquette• Stay behind the leader• Respect other hikers• Leave No Trace principles. **Outdoor Code** (Gold Wolves participate by reading each point aloud.)	Mang	Laminated Outdoor Code

Time	Activity	Leader	Equipment
17:45 – 18:10	**Walk towards Eagles Nest** During the walk stop three times: **Stop 1 – Trees (Silver Wolves)** Ask Cubs:• What do trees give us?• Why are trees important? Discuss:- Oxygen- Shade- Homes for animals- Prevent erosion- Wood, paper and fruit **Stop 2 – Natural Resources (Gold Wolves)** Name three natural resources:- Water- Soil- Plants/Forests(Also discuss sunlight and wildlife.) **Stop 3 – Nature Observation** One minute of complete silence. How many sounds can everyone hear?	Akela Mang	
18:10 – 18:30	**At Eagles Nest Clearing** Gold Wolves Discussion **What is Conservation?** "Conservation means protecting and wisely using nature so that plants, animals and people can continue to enjoy it in the future. "Ask:• How can we conserve water?• How can we protect forests?• How do we look after wildlife?• Why should we stay on hiking paths? Practise the Outdoor Code by identifying examples around them. Silver Wolves Activity Each Cub tells the Pack about **two endangered South African species** they know (examples if needed):• African Penguin• Table Mountain Ghost Frog• Black Rhino• Geometric Tortoise• Cape Vulture Then explain one thing we can do to help protect wildlife.	Mang Akela	Pictures of endangered species (optional)
18:30 – 18:55	**Return Walk** During the return walk play: **Nature Detective** Leader calls out:• Something rough• Something smooth• Something that came from a tree• Something animals use• Something that should never be picked. Cubs point only—nothing is collected. Finish with a quick litter check and explain why leaving no trace protects nature.	All Scouters	Small rubbish bag
18:55 – 19:00	**Closing Grand Howl** Announcements	Akela	

Time	Activity	Leader	Equipment
	Challenge for next week: **Silver Wolves:** Choose one tree near your home or school to observe for one month. Record changes each week. **Gold Wolves:** Practise the Outdoor Code whenever outdoors and be ready to give one real-life example next meeting.		

Discussion Notes

Silver Wolves (8–9)

Uses of Trees

Ask Cubs to identify as many as possible:

- Produce oxygen
- Clean the air
- Provide shade
- Homes for birds and insects
- Food (fruit and nuts)
- Timber
- Paper
- Medicines
- Prevent soil erosion
- Beautify our environment

Endangered Species

Encourage Cubs to talk briefly about:

- Where the animal lives
- Why it is endangered
- How people can help protect it

Gold Wolves (10–11)

What is Conservation?

Conservation means **looking after nature so that future generations can enjoy it too.**

Three Natural Resources

- Water
- Soil
- Forests/Plants
  (Wildlife and clean air may also be discussed.)

How Can We Conserve Them?

Water

- Fix leaks
- Use only what we need
- Keep rivers clean

Soil

- Stay on paths
- Prevent littering
- Plant vegetation to stop erosion

Forests

- Don't damage trees
- Prevent veld fires
- Plant indigenous trees

Outdoor Code

- Care for wild animals and plants.
- Keep the outdoors clean.
- Leave places better than you found them.
- Respect other people enjoying nature.
- Take only photographs and memories.

Leader Tips

- Keep everyone moving to stay warm during the winter evening.
- Use questioning rather than lecturing—let Cubs discover the answers.
- Praise good observation and teamwork.
- Ensure frequent head counts and maintain the buddy system throughout.
- If visibility deteriorates, shorten discussion stops and prioritise a safe return before dark.
