17:55	00:10	Steam Release: SW39 Active Yarn on the grass (or indoors as required)	Akela	(SW39) The Sun's Movements - Active Yarn
The SW follow Akela inside to learn about sun travel, the GW stay outside to work on bowlines				
18:05	00:15	Activity: Silvers (Sw39)	Akela presents Copernicus' hot take. Stef assist.	
		using a ball to represent earth and a flashlight as the sun, engage the silvers in discussion to solidify the concept of the earth revolving and how that makes the sun appsar to move. Note how the earth's spin determines a day, the orbit determines a year and the tilt determines the seasons. Remember, it is not summer because the tilt puts that hemisphere closer to the sun but because it is exposed to the sun for longer (thats why summer days are longer!)		Lantern and Ball (or globe)
		Activity: Golds (GW53)	Heather lead, all remaining assist	

		Spend some time on the bowline. first an instruction using the new Big Rope for demonstration (do it a few times, then hand out ropes, fo a few more, let them copy, step by step, then let them keep practicing, the leaders to step in and help.		cub ropes, great big rope.
Six sixes separated into pair of three sixes each for the following two bases **Move in pairs of sixes, two per base, at each base the silvers and golds have a combjned or complementary activity.**				
Base 1 : Hall				
18:20	00:20	<u>Activity Base 2 (SW53, colour flag, GW57, parts of flag)</u> The two sixes will sit in their own groups on one side of the hall, the scouters will be on the other. The scouters have the coloured bottle caps and the unlabelled flag diagrams. The sixes have a labelled flag diagram. The goal is to build a south african flag out of bottle caps. In order to claim a cap a cub must run up to the leader and name the "randomly" selected flag part, if they do not know they can run back and get the answer from their diagram. Seniors will help with reading as needed. If the game needs to speed up, allow more than one cap per answer after a while. **Note time and judge flags for bones close to the end.**	Candice, Jade, Stef	2x Labelled flag diagram 2x unlabelled flag diagram coloured bottle caps Parts of the Flag - labelled (GW57).png Parts of the Flag - unlabelled (GW57). png
