Sandton District, Gauteng Region

1st Midrand Cub Programme Planning Document					
Programme Name:	*The Wild Side*	**Programme Writer:**	Hathi	**Duty Six:**	Yellow
Programme Date:	12 September 2026	**Programme Run By:**	Akela	**Special Helper:**	-
Programme Time:	08:00 – 09:30	**Adult Leaders:**	Bagheera, Chil	**Cub Prayer:**	
				Tea:	-
NC = National Challenge; SW = Silver Wolf; GW = Gold Wolf; LW = Leaping Wolf; IB = Interest Badge; * = bones earned					

Time	Duration	Activity	Equipment	Person Responsible	Rationale / Advancement
07:45	00:15	Arrival, set up for Grand Howl	Cones / Tape to mark off parking area.	Adult leaders Duty six Special helper	SW-25
08:00	00:10	Allocate new chums Grand howl Roll Call Inspection –	Flag Totem Skin Bones	Adult leaders Duty six	SW-72
*"Today we are venturing into **The Wild Side**, where we will run, explore, test our outdoor skills and discover how to look after the natural world around us."*					
*"Today we are heading into **The Wild Side**, where the animals move in all sorts of different ways—but we must avoid being caught by the Ranger!"*					
08:10	00:10	**Steam Release Game: Ranger, Ranger, What's the Time?** One Cub is the Ranger and stands with their back to the Pack. The Cubs call, "Ranger, Ranger, what's the time?" and advance the number of steps called, using the named movement: • **Elephant time:** large, heavy steps • **Monkey time:** sideways jumps • **Crocodile time:** crawl low • **Cheetah time:** small, quick steps • **Snake time:** slither forward		Akela	Steam release game.

		When the Ranger calls, "Feeding time!", they turn and chase the Cubs back to the starting line. Anyone tagged becomes the next Ranger.			
"We have escaped the Ranger, but before we can safely explore The Wild Side, we must discover the Outdoor Code."					
08:20	00:10	**Outdoor Code Treasure Hunt:** Hide the puzzle pieces around the grounds. The Cubs search in their Sixes, collecting one piece at a time and returning it to their base. Once all the pieces have been found, each Six assembles the puzzle. Cubs then take turns reading or explaining each part of the Outdoor Code and giving a practical example of how they would follow it. Emphasise that they must follow the Outdoor Code during the hunt: no damaging plants, disturbing animals or leaving anything behind.	*Outdoor code puzzle pieces*		SW – Outdoor Code
"The Wild Side is full of surprises, and sometimes doing the right thing is not as easy as it sounds. Each Six will now act out a problem they might encounter outdoors—and show us how true Cubs would solve it."					
08:30	00:20	**Wild Side Playacting** Give each Six one scenario. Allow five minutes to prepare a short play of about two minutes. The play should show the problem, what could go wrong and how responsible Cubs would deal with it. Every Cub should have a role. 	*Scenarios*		SW – Play Acting
"The Wild Side has been invaded by careless Raiders. Will the Rangers protect it, or will the Raiders escape?"					
08:50	10:00	**Game: Rangers and Raiders** This is a Wild Side version of Rats and Rabbits. Divide the Cubs into two equal teams: Rangers and Raiders. The teams stand in two lines, back-to-back, about one metre apart. Mark a safe line approximately ten metres in front of each team. The leader calls either "Rrrrrangers!" or "Rrrrraiders!" If Rangers are called, they turn and chase the Raiders towards the Raiders' safe line. If Raiders are called, they chase the Rangers. Anyone tagged before reaching safety joins the opposing team. Use a long "Rrrrr…" before completing the name to build suspense. Cubs may tag only with an open hand—no pushing, grabbing clothing or diving.			
"The Rangers have chased away the Raiders, but they may have left things hidden throughout The Wild Side. Your next challenge is to spot what does not belong."					

09:00	00:10	**The Unnatural Trail** Place 12–15 everyday objects along a short outdoor trail. Some should be obvious, while others should be partly concealed among plants, rocks or trees. Cubs walk the trail silently in small groups and count how many unnatural objects they can spot. They must not point at, touch or reveal the objects to others. At the end, each group quietly reports its total and describes what it saw. Walk the trail together afterwards to reveal the objects.			SW – Memory Game SW – Top and side view
"You have discovered everything that does not belong in The Wild Side. For our final challenge, let's use what does belong to create one last wild creature."					
09:10	00:10	**Build a Wild Creature** Give each Six five minutes to collect only loose natural materials already lying on the ground, such as leaves, grass, twigs, stones and seed pods. They then use these materials to create a wild animal on the ground. Nothing may be picked from a living plant. Each Six has one minute to introduce its creature, give it a name and explain: • Where it lives • What it eats • How it protects itself • Why its habitat should be protected Finish by returning the materials to nature and leaving the area tidy.			SW – Natural Materials

09:20		Badges Announcements Closing Cub prayer	Badges Bone stack		
09:30		Sixer boxes tidy up		Sixers	
		Tidy up		Duty six	
		Adult meeting and debrief		Adult leaders
